#### **Notes to Editors:**

Bowleven is an African focused oil and gas exploration group, based in Edinburgh and traded on AIM. Bowleven's strategy is focused on creating and realising material value through exploration led organic growth. Bowleven holds equity interests in three blocks in Cameroon, with one block located offshore in shallow water and two onshore. An application for a new PSC over two offshore blocks has been submitted. All of these blocks are operated by Bowleven.

On 24 June 2014, Bowleven announced that the Group had entered into a conditional farm-out agreement to sell an aggregate 40% (post government back-in) operated interest in the Etinde Permit, Cameroon to LUKOIL and NewAge (or their nominated affiliates). On completion of the farm-out transaction operatorship of the offshore Etinde Permit in Cameroon will transfer to NewAge.

Bowleven also holds an equity interest in an onshore block in Kenya, operated by Adamantine Energy, and has been awarded three blocks in Zambia, with applications on two blocks pending.
